Certificate III in Early Childhood Education and Care (CHC30113)

Earn a wage and gain a nationally accredited qualification through studying a Certificate III in Early Childhood Education and Care (CHC30113) with Anglicare College.

The purpose of this course is to support participants to develop the knowledge, skills and attitudes to provide quality care to children in a range of settings. The course meets the needs of early childhood educators who are working in the industry or people who have a specific interest to work in the early childhood sector.

COURSE DETAILS

Course delivery involves a minimum of 1200 hours of classroom, practical assessment and work hours.

This course is delivered through class attendance 1 day per month, assessments and project work, as well as work hours (minimum 15 hours per week) in Anglicare's Early Childhood Services in ACT or NSW.

Course commences February 2020 with one full-week classroom induction.

WHY STUDY AS A TRAINEE?

Traineeships are one of the best ways to get ready for a career. They allow you to work and earn a living in your chosen career while you're learning the skills and qualifications for it.

As a trainee, you'll:

- learn real skills in the workplace
- gain nationally recognised vocational education and training (VET) qualifications
- earn a wage while you learn
- develop skills required by industry
- put everything you learn straight to work.

Traineeships combine hands-on industry training with off-job study under a training contract between you and your employer (Anglicare NSW South, NSW West & ACT).

FUNDING

These traineeships are funded through state funding and a minimal course contribution is required from the student.
