@ SOUTHERN CROSS EARLY CHILDHOOD SCHOOL

ACKNOWLEDGEMENT OF COUNTRY

We acknowledge the Aboriginal nations of this land; its many Custodians who continue to care for Country, and the way in which Country has cared for her people. We acknowledge the history of this land and the stories of resilience and survival which make up Indigenous Australia. We give thanks for Aboriginal Elders and knowledge keepers of each generation including the many Aboriginal communities which contribute to the life of our region. May we walk gently on this land and commit ourselves to Reconciliation.

Upon arrival to our service you are required to sign your child in on the Xap app via our tablets. This is a legal requirement, connecting your attendance to Centrelink and your families' Child Care Subsidy (CCS). Only those authorised by the family on the child's enrolment form are able to sign your child in and out of the service.

If your child attends our Before Preschool Program you will drop off in the school hall after 7:30am and our educators will transition your child to the Walga Courtyard at 9:00am.

Between 9:00am and 9:30am you will be able to drop off your child into the Walga Courtyard

Collection of your child will be at the balance challenge between 2:30pm and 3:00pm, unless attending After Preschool Program.

If your child attends our After Preschool Program our educators will transition them from the Walga Courtyard to the school hall where you can collect your child prior to 6:00pm.

What is WALGA

In 2020 we introduced a nature preschool program called Walga - Ngunnawal for hawk. The program is based primarily outdoors, utilising the large amount of school grounds that are available to us at different times of the day, with time spent exploring our land and local community. The children are invited to attend local excursions and incursions as the ever growing program is extended from the interests of the children, ensuring that the Early Years Learning Framework and the National Quality Standards guide our practice at all times.

The program is developed using research from educational theorists such as Froebel, Steiner, Vygotsky and Montessori; where the child is at the centre of their own learning.

Included in our curriculum is a dedicated nature program, meaning that regardless of the weather we will venture outdoors into Canberra's very own classroom. You can expect your child to jump in puddles, feel frost on the grass, run, skip and get dirty as they explore and create their own adventures!

but themselves.**
